

June 17, 2024

Dear Customers

Shibaura Machine Engineering Co., Ltd.
Machine tools service division

Notice Concerning Transaction in the Machine Tool Service Business.

Dear Sir or Madam, we would like to express our thanks for your continued support.

Regarding the transfer of the machine tool after-sales service business from Shibaura Machine Co., Ltd. to our company in April 2024, we have been doing business under Shibaura Machine Co., Ltd. as before, but now that we are ready for future transactions, we would like to make the following announcement again. We apologize for any inconvenience this may cause, but we would appreciate your understanding and cooperation.

Please note that there may be delays in receptionist service during the last week of June 2024 due to the switchover of our system, etc. We sincerely apologize for any inconvenience this may cause and appreciate your understanding and cooperation.

Sincerely yours

Note

1. Handling of order backlogs

The remaining purchase orders through June 21, 2024 (those that have been placed with Shibaura Machine Co., Ltd. and have not yet been delivered), will continue to be handled by Shibaura Machine Co., Ltd. We would like to ask you to continue to issue your order form until June 21, 2024 with the name of Shibaura Machine Co., Ltd.

If you place an order after the above, we will reissue the quotation under the new company name, please contact us. In addition, please use our new company name on your order form at that time. (This will be the same as section 2 below.)

2. Handling of new transactions

New transactions after June 24, 2024 (for which a new quotation will be issued) will be handled under the new company name (Shibaura Machine Engineering Co., Ltd.).

Accordingly, issuing quotations and invoices as well as the payment address will be under our new company name (Shibaura Machine Engineering Co., Ltd.). So, please issue your order form to our new company name.

- ※ In case you have already registered our company, please keep the supplier registration of Shibaura Machine Co. Ltd. and newly register Shibaura Machine Engineering Co., Ltd. Also, if you already have a registration with our "Injection Machine Service Business", we would appreciate it if you could open a separate account for "Machine Tool Service Business" if possible, in your company's system, since the transaction contact and account, etc., are different from those of "Machine Tool Service Business". We would appreciate your understanding.

3. About payment from the customer.

As explained in the previous section, the payment address for invoices (backlog) issued by Shibaura Machine Co., Ltd. and those (new orders) issued in our new company name Shibaura Machine Engineering Co., Ltd. are different.

Please check to the bank account information on the next page and the contents of the invoice you will receive and take note of it.
